WHO WE ARE ?

Living Plus is a leading brand offering best in class furniture laminates. The company has attained the technology prowess and expertise it offers a variety of laminates having unique features like innovative designs and distinctive patterns. Keeping the needs of architects and designers in mind, we have created this folder to portray an assembly of modern and trendy laminates suiting the needs of a classic attic and even contemporary abodes.

CARE AND MAINTENANCE

Avoid using scourers and abrasives on Living Plus Panels. They will damage the surface.

Do not use waxes and polishes, they dull the natural finish.

Living Plus Panels will withstand normal wear and tear but can be damaged by scratching or cutting with utensils, knives and other sharp objects.

To minimise scratching, always place and lift objects from the surface -never drag or slide them across the surface.

A damp cloth removes spills and greasy spots. Rub with a clean, dry cloth to bring back brightness. Occasionally clean with warm soapy water.

To remove heavy build-up of dirt use any Glass & Surface cleaner.

Kindly use recommended adhesive. Do not rely on self adhesive for long term.

To avoid bubbles in future the air needs to be removed by the applicator with a soft pad.

Use MDF, HDMR, WPC, PVC Boards in the base for better results.

Use Laminate cutter to cut it.
