ABOUT US

ASIA'S LARGEST LAMINATE MANUFACTURING COMPANY

The Virgo Group of companies constantly looks out for innovation and challenges in the industry. Across all its group companies, it maintains a philosophy of reaching out to perfection, no matter what it takes, whether high-end resources or a superlative manpower. With a team size of over 3000+ employees, Virgo Group's employees spread all across the nation are working together in a rewarding environment to achieve the objectives the company was founded upon. Long before, government-issued regulations concerning the protection of the environment, Virgo Group had already invested in "Environment Friendly" initiatives. These included reforestation programs and elimination of the use of tropical woods and harmful, ozone-damaging chemicals. Weighing its actions on a philosophical pedestal, Virgo today has evolved into a dynamic group that has been generating optimum profit through total satisfaction of customers, suppliers, employees and society.

An ISO 9001 and 14001 Certified

Notes:

All tests may bot be valid for metallic Laminates.

Samples pasted, represent only colour, pattern and finish, not actual thickness. There may be slight variation in shades in batch to batch, particularly in Metallic designs.

Bonding of laminate under high humidity, plywood with high moisture content, ply with uneven surface, inferior quality adhesive and insufficient pressure may lead to delamination/ air bubbles in between ply and laminate.

Virgo Lam + warrants that its product are free from manufacturing defects and they are fit and suitable for usual purpose under normal and proper use. The product must be inspected prior to installation and our liability will be limited to the extent of the product only.

Thickness : 0.80 mm
